

Friction is very useful in everyday life. You are going to think about what might happen if there was no friction.

- 1 Write a story about life without friction. You can use some of the ideas below to help you, or you can use your own ideas.

The day there was no friction

Without friction, cars, buses and bicycles ...

When you walk ...

It would be very dangerous to be a parachutist because ...

Sometimes friction is not useful! Machines ...

Heat energy is made when there is friction. This is useful because ...
